10 Selected Colours

DESCRIPTION

Autograph Luxury Vinyl Planks (LVPs) is a 5mm thick, 228.6mm x 1219.2mm PVC layered with PU coating, environmentally-friendly floating floor plank series, safe from harmful substances such as formaldehyde and VOC that could be generated from using adhesives. No adhesive is required for installing Autograph floating LVPs. The adhesive-free installation allows for a wider area to be fitted in less time. Easy to remove and re-install. Autograph LVPs are 100% recyclable after use.

WARRANTY

There is a 10 year limited commercial and 30 year limited domestic warranty against defective material when specified, installed and maintained in accordance with manufacturer's recommendations.

MAINTENANCE

Regular maintenance will not only help extend the life of the floor but also maintain its attractive appearance. Floors can be easily damaged when not properly protected against building debris during the final stages of construction or refurbishment. Sweep or vacuum regularly. Wash your floor regularly with Bona Cleaner. Do not use detergents, abrasive cleaners or mop and shine products. Never use highly abrasive scrubbing tools. Wipe up wet areas from spills, foreign substances or wet feet as soon as possible. Do not use wax or solvent-based polishes.

For detailed installation and maintenance procedures, contact the FloorworX Wood and Laminate Department.
